

CASA AZUR · MALLORCA · PUERTO DE ANDRATX

A Majorcan jewel, this is many people's dream: a spectacular property in Cala Marmacen, below La Mola peninsula near the town of Puerto de Andratx. A seafront villa, it occupies pride of place on a rocky hillside, with Puerto de Andratx just a few minutes' walk away. Perfect for those who enjoy their privacy, this exclusive secluded property is barely visible from the road. It boasts breathtaking views all year round. Indeed, during Majorca's short winter, there are days when it has spectacular views of waves several metres high rushing into the cove. From spring until well into autumn, warm African breezes ensure an ideal climate in the cove and small dolphins hunt and play undisturbed there. In the summer months, the owners of deluxe yachts moor in this spectacular cove and enjoy its unique setting. Two impressive terraces plus a rooftop one with electrically operated awnings ensure amazing views all year round.
