

VILLA LA MOLA · MALLORCA · PUERTO DE ANDRATX

A modern concept of living, with no limitations, in perfect harmony with Majorca's natural surroundings. This modern villa comprises a luminous living room with an open fire, a modern kitchen and three bedrooms, each with an ensuite bathroom. The swimming pool, with its amazing views of the open sea, is on the same level as the terraces, with a poolside area paved with natural Binissalem stone. A property conceived to meet all possible needs, one special functional highpoint is the modern natural ventilation system on both levels. This serves as a backup for its central air conditioning system, guaranteeing fresh dry air at all times. Needless to say, all Villa La Mola's modern looking fittings incorporate the latest technology.
