

## VILLA VILLAMAR · MALLORCA · SON VIDA

No wonder that there is such a high demand for properties like this superior villa currently in the construction phase. Our Prime properties are conspicuous for their seamless perfection, from their detailed planning through to the thorough construction process by a carefully chosen team of professionals. Thanks to long years of experience, we are able to meet all future owners' possible needs and desires. This 2600 sqm property (with six superior bedrooms and bathrooms in a 486 sqm useful floor area) is scheduled to be completed in 2016. A spacious home in an unparalleled location aimed at international clients in search of mansions that are simply extraordinary, it boasts a modern neo-classical design and carefully integrated Mediterranean features, with a sense of luxury that also extends to the fine materials used to build it. In the interior design process, priority was given to fostering relaxation and physical wellbeing. In addition to the pool oases indoors and out, a spacious wellness area is being built with adjacent chill-out zones.
