

VILLA RACHEL · MALLORCA · SON VIDA

The moment those with an expert eye set foot in this villa, they will appreciate the attention to detail. This home is a dream come true, thanks to the work of well-known Italian designers and special touches such as walls decorated with gold leaf. This is a "living" home, not just in an abstract sense but also thanks to its special ventilation system that measures the atmospheric air and its CO2 content so as to ensure optimum levels all year round. In an area of 760,55 sqm, it boasts six bedrooms, six deluxe bathrooms, a fitness area and sauna, and a wine cellar. In addition to the sleeping area, the home also features a spacious living-dining room that leads outdoors to a terrace: an area with a swimming pool, sea views and, above all, an amazing sense of freedom. Handcrafted Austrian woodwork and cutting-edge technology are constant features throughout the home. Its spacious kitchen will delight professionals and culinary enthusiasts alike, while the home's open-plan design and attention to finer detail demonstrate the builders' capacity to meet the needs and deluxe standards of the most demanding clients. Set in charming Mediterranean surroundings in Son Vida, Villa Rachel is a dream come true for perfectionists and those in search of comfort and modern elegance.
